

Run Report - #2318
Christmas in July Run
Kedron Hotel, Kedron
Hares: **Tinkerbell** & Dickless Hare (**Psycho**)

A very frosty Monday night greeted the combined pack which was very fitting for the Xmas in July run. The pack were keen to set off running, walking or just crossing the car park to a wall & a ladder that **Tinkerbell** had badly constructed. Unfortunately, the running pack consisted only of **Even Optus**, **Bugs**, **Scruffy**, **Multiple**, **Zapata** & only one lonely Dickless runner. If it wasn't for having **Tinkerbell** to guide the runners, we would still be lost out in the wilds of Kedron.

The pack stayed together for the whole run, due to **Tinkerbell** being a live hare. The first runner in was supposed to be the scribe for the run report. However, **Bugs**, **Even**

Optus & Scruffy stayed away hiding, until the unsuspecting **Multiple** ran in.

Once again **Luftwaffe** sat on the ice for no particular reason, except that **Multiple** is assistant monk this year.

SOTW – **Multiple Choice**.

Food – 8/10 Meal inside wasn't bad and good value.

Run 8/10 – A good trail and territory; would have liked more markings, or more than 3 runners to find them.

Circle – 8/10 Good with funny tales being told.
