

Run 2377  
Easts Leagues Club

Tinkerbell's experience and leadership were telling in an extensive run from the Easts leagues club.

Tinkerbell picked 10 of the first 11 two ways without checking, though his final cut to home resulted in a short cutting so severe it would clearly render his run position result a invalid. Bugs' tenacity and dedication to the trail showed, with a completion of the run in its entirety his just reward.

Highlights along the way included confirmation that netball is Australia's most participated sport, with a monday night netball festival getting in the way of the trail.

Icings and circle antics were duly noted, with classic offenders turbo and multiple choice deemed guilty.
