

Run No. 2425; 8th August 2016
Hares: Kreepy Krawly
Venue: Jindalee Hotel

A reasonable size pack started off from the Jindalee Hotel, running up and around the Coles multi-deck car park. The trail was quite well marked, however with a couple of loosely marked arrows contradicting true direction. It was a loose pack, but everyone caught up, as the re-groups were generally marked every 600 metres. So no-one was lonely in this 5km stretch of running and huddling. What a blur..! Nice river run, along the river, past the lake and up past Seventeen Mile Rocks Riverside Park.

The hash circle as usual disturbed the piece, rocking up next to some retirement home. Usual shenanigans and Irish's elongated speeches. On on at the Jindalee Hotel, a most respectable jaunt for the Hash Men

Run was a 5 out of 10 and the circle was a 7 out of 10.
