

RUN: 2431 FOOTY FEVER RUN

VENUE: RAVEN ST. RESERVE, DOWNFALL CREEK, RODE RD. McDOWALL

HARES: RADAR and GREWSOME

A cast of thousands assembled in the **Down fall creek conservation** car park for the annual joint run with **Northside Hash**. A great turnout with a combined total of more than 60 runners / walkers including visitors **HAWKEYE** and a couple of others from **HALFWAY HASH**.

A good collection of footy jumpers on display with **LUFTWAFFE** resplendent in his touch footy jersey having returned from his overseas footy competition. Also on display were jerseys from all the codes with Cowboys, Wallabies, Lions (not sure why you would wear one), Manchester united, Pommy rugby union and a host of others. **TWEETY** looked the part in his **XXXXL** Broncos jersey as did that Bronco Tragic **BUGS**. Disappointed to see **CRAFT** letting his side down with no All Blinks jumper.

After assurances from **RADAR and GREWSOME** that the carpark would not be locked upon our return and instructions that the runners and walkers trail would combine on occasions the large pack headed off into Raven street reserve. After following arrows along bike paths and bush tracks it appears the trail was lost by some of the walkers who ended up on the wrong side of the reserve instead of crossing over Hamilton Rd. Following a fruitless search of Waitana St., Tyalla St., and Narthanya St., looking for trail **FU#KAWE and FLOWER** thought it would a good idea to backtrack to try to pick up the trail all to no avail. With the discovery of a couple of FTs the walkers became disorientated and found themselves back in Raven St. From here it was on home for beer as unfortunatley we missed the drink stop.

As for the runners and walkers who crossed Hamilton Rd. I'm not sure where they went suffice to say some were out for quiet a while returning during the circle. If one of the runners would like to add a report for inclusion on the website I would be most grateful.

The circle and on on were a lively affair with numerous stories and icings.

ANCHOVY was used as a proxy for the embattled **HASH MONK** on a charge brought by **BOXA** for shoving his tongue down the throat of his new lady who will remain nameless. Worse than that he was seen holding hands !!!!!

BAREBUM was iced for an issue regarding the purchase of cheap red wine while on a recent **BRICS** ride with **IRISH JOKE**.

LUFTWAFFE was once again punished even without the presence of **MULTIPLE CHOICE**. This time the charge related to him sleeping with his 16 year old daughter and her friends (and I don't want to go there).

BAREBUM was gobsmacked by the down down songs from **FLOWER** and jokes from **THUNDERBOX** who made **TINKERBELL** and **TWINTUB** look like choir boys.

Northside didn't escape unscathed with **TINY SEMEN-T BALLS**, **FU#KAWE** given down downs and one of the **HARRIETS** iced for a misdemeanor involving a head job.

At great expense from hash funds we were able to present **TINKERBELL** with a new waterproof wallet just to stop him winging.

Thanks to Radar and Grewsome for their liason with Northside who, despite a small hiccup with the trail were able to produce a memorable night.

Thanks also to **TINY SEMEN-T BALLS** and his band of helpers for the food.
