

RUN REPORT #2438

VENUE: ORMEAU TAVERN

HARES: GC hares Shat and Slab

A reasonable size pack consisting of more walkers than runners from both the GC and Brisbane hash. The pack headed off from Ormeau Tavern to the bush behind the shops. The trail was fairly well marked with fancy paper ribbon instead of toilet paper and some Cunt (aka Slab) on a bike came up the rear to round up the stragglers. Some of the GC hashman said that the Brisbane hash were whinging about the bush but they were in fact the last ones out of the bush. This was the first regroup. When we finally hit the road Multiple Choice was the front runner after some Cunt on a bike told him where to go. Then when Even Optus caught up to Multiple Choice he commented on Multiple's athletic prowess. This short lived as half the pack passed him on the way to the track back to the bush. Once the pack was back in the bush there was more fancy ribbon then back to the road again through to the Tavern for the Circle. Multiple wasn't the last one in as Little Assplay was missing that night.

During the Circle, The Two Monks called out several hashmen for a variety of misdemeanors. No one got Shit of the Week due to a mixture of GC and Brisbane Hasmen being called out. Meal orders had to be collected by 7:30pm.
