

## **Run 2446**

### **Not the New Year Run**

Lord Stanley Hotel

Last night's run began from the advertised starting point, but started late because the hare would not shut up about the Harriettes.

No run was set but a good 50 min walk for the majority

Track up to ACGS at Oakland parade thru the school to the Bridge across Smith Fields back across new bridge to Heath park and new Milland Tennis courts then back home.

The walk was followed by a good circle which wasn't run by the new GM who was unable to attend as he was at home exercising his conjugal rights. Beachball was charged by Boxer because he called one of Boxer's Facebook war buddies a princess . Who in turn called beachball a knob.

Fucknut was charged because Irish facebooked at Fnut's place a flycatcher made from a plastic soft drink bottle. Irish claimed it worked when in fact the flies were all over the hariettes they were with.

We then adjourned to the bar for a cool ale. Good feed but lost points cause the whole roof leaked over our table.

Shitbags had to change tables to avoid Little Arseplay and Vaso exchanging views on uncontrollable grandchildren only to encounter Scruffy debating the pros and cons of 2017 fees !!!!!!!!

Magnificent run that catered for everybody as long as everybody was a Walker.
