

Chinese New Year Run

19 Feb

Hares: Snappy Tom & Little Arseplay

A large pack of runners and walkers assembled in the car-park as the sun lowered into the western horizon. At the normal start time the pack was called together by:

- GM Luftwaffe
- Royal Screw
- Shitbags

The pack of a few runners and a motley mob of walkers took off through the back streets of Aspley. The early front runner was :

- Bugs
- Even Optus
- Tinkerbelle
- Some other bastard

It wasn't long before runners and walkers were no longer together. It soon became obvious that the trail was set :

- with dubious skills
- the loops and checks were queer
- a day earlier before the afternoon rains

Luckily not one runner or walker was lost and the pack assembled nearby for the circle. As usual the nights entertainment was :

- a complete shambles
- very entertaining
- a blur and now completely forgotten

The shit of the week was:

- Snappy Tom
- Little Arseplay
- Some other bastard

The run scored:

- 6/10
- 7/10
- 8/10
- 9/10
