

OKTOBERFEST RUN 08/08/18 NO. 2537

15.00- Divot and Virgin were setting a meticulously planned run in beautiful sunshine. Set to be run of the year!

17.30- Virgin lays claim to a BBQ after fighting off an interloper, to prepare gourmet Bratwurst und Sauerkraut on freshly baked rolls.

18.00- the pack gathers at Mowbray Park, the sky darkens! Rumours spread of a Gay hook up place at the public toilet. I don't know how any in BH3 would know of these things however as acting Monk I'll have to "root" out the source.

18.05- Donner und Blitzen!

18.08- heavy rain begins to fall

18.15- the skies have opened up it is now pissing down washing away our perfectly set trail. Cream puff came out of retirement especially to experience what was to be a fantastic run. Radar in his Leder Hosen and Leech in his Pickle Gruber, Jackoff very keen, Vaso had crossed the river especially and Dole Bludger shook off his Wedding hang over for the occasion.

18.16- the rain got heavier!

18.17- the G M asks is any one running? A resounding NO! What is plan B asks Lufty? Ah F@#k ! There isn't one! What about the Shafston I said and half the pack lead by Mortein bolted. The diehards clustered under their umbrellas in 2s and 3s, some like Irish getting a bit too close, (did he know about the gay toilet block which now had someone loitering with intent) Leech announced Hash bier!!! What a great idea! Have another one said Leech, you beauty and another, yes thank you.

Oh what could have been run of the year, washed out, very sad, next year!

Auf Weidersein

Run – would have been 10

Food – would have been 10

Circle – 10 wet but plenty of bier

On on Divot.
