

Run 2547 Kids, Water Pistols and bikes. Hares VASO & SHIT BAGS

Circle report as punishment for talking

Run: Non-event as far as what the run represented. No Grandchildren as kids all grown up! Hence no water pistols, no water bombs and just another gathering of the faithfuls.

GM: Tweety showed some leadership in his first week as GM. Hope this will bring HQ3 Back to life?

Monk: Fingers lifted his game from Song master. More shit of the weeks ahead for the quiet ones!

Song master: Fnut failed

Food: Wet sausages but otherwise edible

Comment for the hares. Suggest forgetting about calling it Kids Run this year and Call it "Once a kids run "

Score: All up 5 out 10
