

**CIRCLE REPORT**

How do you do a circle report when you don't have enough runners for a circle?

We had Snappy and young Hunter, Pushup with crook foot, The Hare yours truly, Bugs and Verbal D.

Anchovie turned up to take the roll then bugged off to a party organised by his Missus, about 7 Hashmen were AWOL due to said party.

Well the 2 runners Bugs and Verbal D took off followed by Snappy and young Hunter leaving the walking wounded Pushup on his mobile sitting on a log.

Yours truly arrived with icy cold beer, very enjoyable. The runners returned to advise that my perfectly planned trail had been blocked off by BCC for the fireworks.

Snappy then arrived back winging about the Storey Bridge being closed then bugged off in a panic earning Shit of the Week.

The remaining 4 enjoyed a very pleasant drink and conversation, finishing off all the beer.
