

Brisbane H3 Run Report # 2606

Run of the Rat 27/1/2020

Mr Hong Asian Restaurant

Hare : Snappy Tom

All the elite runners and walkers gathered at the back of Mr Hongs Asian Restaurant for the brief on the run and walk. The Hare, Snappy Tom, provided the miss information on the run. Clear chalk markings, check backs and a regroup were promised. This plus " a run with a view."

The Run

The trail left the restaurant in a northerly direction. Like the Pied Piper leading the "rats" Tinker – bell set off at the front of the group. Instead of the "pipes" being played by the pied piper an On , On call was heard for all to follow.

The run went north, then turned west, and then south along the Brisbane river. The first of Snappy Toms promises was met. The view was enchanting. Many a Lora Jane Mumbler was seen (but never heard) along the river path.

The On On calls attracting attention to the elite runners.

A Re-group was marked along the river, where all could admire the river views and Laura Jane mumbler.

After running along the river the arrows moved us east, through to Montagues Street. At Montague street we turned left and ran down to the Mr Hong Asian Restaurant.

The Circle.

The circle was held on the other side of the road.

The run, like our Hare, was described as "short and sweet". The run was very short at 3.8 km, and it is reported that our Hare is 3ft 8 inches tall. Generally, a 7 km run is needed for the runners to show their true potential so some runners were left frustrated and would return home to kick the dog.

There was no ice at the circle.

Push-up's adventures overseas were described. 3 female letter boxes encircled Push-up and one grabbed his wallet. Quick thinking Push-up grabbed 2 letter boxes, while the third ran off with his wallet. This was a great strategy as the wallet was returned and Push-up released the 2 letter boxes.

The questions asked were :- was all the money and credit cards were returned.
:- did Push-up kop a feel?

Shit Bags reminisced and described Bug's adventures to Toowoomba. Both cars thought he was in the other car but poor Bugs was left behind. Resourceful Bugs hitched a lift back to West End while Push-up returned to Toowoomba to look for Bugs, where he was not found.

Mrs Bugs (Lady Bug) was notified but she requested he be left in Toowoomba. It was tempting but we were running low on runners ???

Shit of the week went toBUGS (good on ye Bugs)

Announcements.

The Valentine day run is coming up on the 17 February. Start is at 6.60 from the Shafston Pub in East Brisbane. Dress is in Red or Pink

Harriet's have promised a tit viewing if more than half the harriers are dressed for the occasion.

Meals and Beer

The restaurant speciality for the Hash was :- One ton soup, and Cunt-on tongue.

The beer pouring was a bit slow – obviously arranged by the short run hare.

The meals and beer were however good.

A great run set but Snappy Tom.
