

Mosquito Park Run Albion

Hares - Irish Joke and Fucknut

I did the walk with Layup and we followed a well marked trail. I had no idea as to where I was and where I was going so I appreciated the hares trail setting effort. Because of their ability to set a good trail I am able to write this run report.

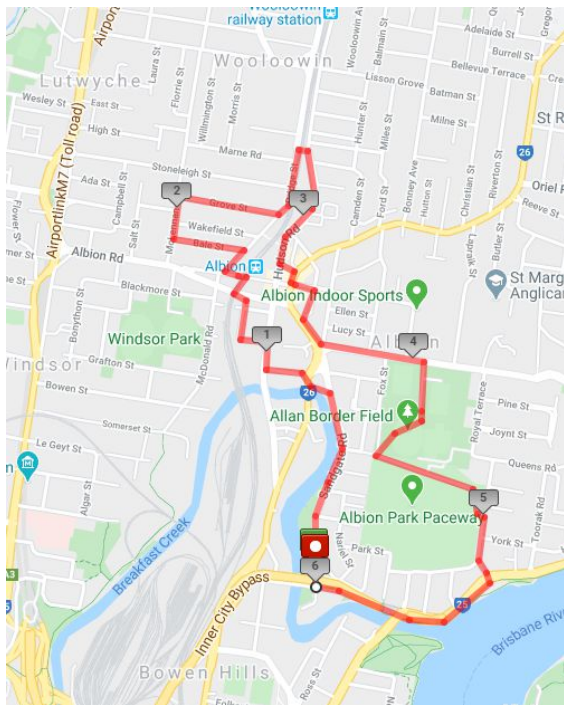

Walkers Trail

Went North up Sandgate Rd onto Crosby Rd through Crosby Park and Albion Park Raceway then we did a loop through expensive real estate on Cooksley Street, Queens and Toorak Road, York Street and Days Road to Cameron Rocks Reserve on the River. We followed the river path past The Breakfast Creek Hotel and back to the On On.

Runners Trail

The few runners including Bugs and Tinkerbell enjoyed a bigger loop in a northerly direction, past the Albion Station and half way to the Wooloowin Station to connect with the walkers trail.
