

Run No. 2646, "50th Anniversary", 25th January 2021

Hares: Pushup and Waste of Time

Venue: Lord Stanley Hotel

This was the 50th Anniversary Run held at the Lord Stanley Hotel which apparently has special significance in the early years of BH3.

With Pushup involved in setting the run yours truly was not expecting an early/easy night. I was happy to be proven wrong. Great run, well mark and just the right distance.

A small pack of runners set off with **Tinkerbelle** and I think, **Jake the Peg** leading the way with **Even Optus** on one leg doing remarkably well to keep up. **Bugs** as always, was thereabouts. **Craft, Forex** and yours truly were plodding along nicely with **Little Arse Play** holding up the rear.

Can't tell you about the walkers, suffice to say there were far more walkers than runners (nothing out of the ordinary in that).

Quite a few hashmen were off celebrating Australia Day at Running Creek camp site, including my old sparring partner **Irish Joke** which was a bit disappointing as I was hoping to have round 2 of our "Dumb and Dumber" conversation...maybe next week.

The run was quite well set with a few false trails and two ways keeping us together although we lost **Little Arse Play** early on. At a small mangrove crossing **Tinkerbelle** and **Forex** led the more intrepid hashers thru the jiggy whilst the rest of us took the long way...couldn't afford to get my new shoes muddy.

We all got in on time except for **Little Arse Play** and **Snappy** who arrived a little later, but within 5 mins of each other.

With the Monk late returning, Brengun told a few tales wrt the RRR luncheon held recently with **JC** and **Drifty** (and his scotch drinking antics) both rating a mention.

GM **Verbal** pointed out a few old hash shirts worn by **Barebum** and others whose names escape me. **Puff** got up and proudly displayed his shirt from the era when **Pushup** was GM.

With no one knowing who had the shit of the week shirt no icings or down downs were called for and we adjourned to the pub for an excellent feed.

RUN 8/10

Circle 5/10 not much happened

Feed 8.5/10 excellent choices (even though they had two menus which confused some) and fair pricing.
