

Run 2669
12 July 2021
Stolen EFY Run, Stir Fry Cafe, Jindalee
Hares **JC** and **TWEETY**

JINDALEE JUMBLE

Another threat of rain for this run had the less hardy of us carrying umbrellas. Co-hare **TWEETY** had previously advised all to "BYO drinks". Being the **GM** ensured that much grovelling on the part of the second co-hare **JC** took place, to the point of offering to put my beers in the esky, hoping to have this act recorded for posterity. Well here it is.

If anyone cares, the run was yet another permutation of Jindalee hills and easements, together with a couple of anticipated short-cuts and one utter cock-up of a check.

Again no Current Monk or Vice Current Monk (or is that Current Vice Monk?), or even Immediate Past Monk. so **TWIN TUBS** told us a joke. In the course of events I think **VASO** was nominated by **SHITBAGS** to write this run report, but duly forgot, before we headed inside for many prawn crackers et al.
