

Run 2671

26 July 2021

Horse's Birthday run, Homestead Tavern, Boondall

Hares **HANDJOB** and **MINDER**

TOAD IN THE HOLE

With another lockdown looming and wet weather again threatening, a small pack of about 12 assembled at the rear of the Homestead carpark, huddling for shelter around the **BOXA** mobile.

We headed off briskly through the puddles along Nudgee road and branched off to the left on a path through the swamp in the direction of the local necropolis. Only to be overrun by a thousand or so **CANE TOADS**. Not a cockroach in sight.

Back through CU to the Discovery and a beer before heading inside (no circle).

A brief run but at least there was one.
