

## BRISBANE HASH HOUSE HARRIERS RUN REPORT # 2680 ON 27.09.21

### THE “NO HILLS NO SHIGGY TRAIL”

#### HARES: VERBAL DIARRHOEA AND SOMEONE BILLED AS AN UNNAMED ASSISTANT – TURNED OUT TO BE RADAR

It was a bugger of a day. Chilly breeze, cloudy and more like a day in July. Those conditions, and a few other indicators such as the adjacent Toohey’s Forest and Radar revealed as the co-hare made my decision to join Sperm Whale, Monty, VD and Vaso in the bar an easy choice.

So, what follows here is speculation, a bit of info from a spy, and a bit more focus on the post run circle. Here is the walk trail;

Turned out it was a good walk trail. Headed south out of the pub and curving westward following the Rocky Waterholes Creek for a bit of contact with nature. Then followed a stroll thru an industrial area and across Evans Road heading north towards the anticipated Toohey Forest. The walkers had a little ascent of a stairway apparently of about 105 steps to arrive at a point named Pegg’s Lookout for a view out to the south. It was from here the runners took off for a loop further into the Forest to re-join later on the home trail. A couple of short cutters, Tweety and a few others missed this high point. On home from there for the walkers was heading east to cross Toohey Road and on home to the hotel carpark. On recollection, there were 3 re-groups, which served their purpose to keep some order.

At the circle Push-up did a great job as an impromptu Hash Monk. L A P was called out first for a bit of past history concerning his parental ability. That went well, and several others were called out .... Proxies are all the go these days – as Fourex will agree. Fucknut sat in for

the long absent Divot. Then there was the usual reciprocal arrangement that Lufty and Multiple Choice enjoy. What an exciting life these two lead, and how much we enjoy their exploits. Multiple was a clear winner of the SOTW.

Well, that was it for the official part, so off to another cold beer and a plate of food. The pub offered 10% discount for older fellows which was well received.

ON ON YOU ALL!!
